

## Election to Deactivate CallShield

Customer Name \_\_\_\_\_

CallSource Account ID# \_\_\_\_\_

Please deactivate CallShield on all tracking numbers in my CallSource account. I understand that this may require approximately 15 business days to implement, and may result in a significant increase in autodialed spam and telephone hacking calls we receive. I understand that subscribers are responsible to pay for all calls and billable minutes received on CallSource tracking numbers, regardless of whether or not they are ad-response calls.
